**Americans with Disabilities Act:** If you need any of the auxiliary aids or services identified in the Americans with Disabilities Act to attend this seminar, please contact Mrs. Leola M. Cleveland at (850) 599-3240 or [leola.cleveland@famu.edu](mailto:leola.cleveland@famu.edu) on or before **Wednesday, February 22 2012**.

**Registration:** Pre-registration is encouraged. Please pre-register on or before **Tuesday, February 21<sup>st</sup>**. However, on-site registrants will be accommodated. Please see registration form for fees at [www.pharmacy.famu.edu](http://www.pharmacy.famu.edu).

**35<sup>th</sup> Annual Clinical Pharmacy Symposium**  
**"Providing Medication Therapy**  
**Management to Underserved Populations"**

**Program Objectives**

**Upon completion of this continuing education program, the pharmacist should be able to:** discuss the role of community-based organizations in the care of indigent patients; discuss the role of HRSA, Medicaid and Medicare in the identification and provision of medically underserved patients; identify methods by which pharmacists can expand roles in public health policy, decision making and therapeutic interventions in the underserved; analyze case studies to determine role of pharmacists in intervention in selected disease states seen in the underserved population (HBP, DM, HIV, Nutrition, Depression and Substance Abuse); and discuss the benefits derived from studying programs designed as "Best Practices" that can be implemented in current practices.

**Upon completion of this continuing education program, the technician should be able to:** discuss the mission and goal of the PSCP Program through HRSA; discuss opportunities through 340B Pricing and PAP Programs for improving patient care; discuss the differences between Medicaid and Medicare in the United States; discuss the overview of health care reform and its impact on the underserved patient; identify diseases commonly encountered in the underserved population; and identify therapeutic challenges with resultant solutions in providing care to indigent patients.

**Note:** Consultant Re-certification number pending for your Florida Consultant Pharmacist license.
